QUESTION 2 OF 2

Below is a small dataset about animals and their general information. If you were tasked with getting the dataset ready for a model, what techniques would you apply to make sure it was ready to be used?

animals	weight	age	gender	color
dog	30	2	m	grey
cat	null	4	f	null
dog	20	8	f	white
cat	5	1	f	mixed

Select all that apply.
